Présentation

Activité détaillée

SAIPEM is a global player in the energy industry and infrastructure, offering tailor-made solutions for the Offshore Wind business. SAIPEM is supporting its clients throughout needs to decommissioning, employing all our professional expertise to operate in the most challenging contexts. With strong assets (fabrication yards and vessels), SAIPEM is offering full EPCI solutions for fixed foundations , substations and floating foundations (Star 1. Hexafloat) to the Offshore Wind market.
